Returns policy

returns-v2 / EN / DEMO

FICTIONAL STORE - TEACHING EXAMPLE ONLY

Effective / Vigencia: [2026-07-01, open-ended)

Date basis / Fecha base: purchase_date

Uploaded / Carga: 2026-06-25 | Status / Estado: READY

1. Applicability: This version applies to DEMO-market orders purchased on or after 2026-07-01. The purchase date selects the policy, even when the customer asks a question later. This PDF was uploaded before it became effective.

2. Return window: A return can be requested within 14 calendar days after purchase. Eligibility also requires an unused item, original packaging, and proof of purchase. Requests outside the window must be reviewed by support; the chatbot cannot promise an exception.

3. Version boundary: Purchases before 2026-07-01 remain governed by returns v1. Revisions are retained as immutable PDFs, and this version must not be substituted for historical purchases.
